

Sweet Arrow Lake County Park Commemorative Bench Program

Sweet Arrow Lake has long been a special place in the heart of Schuylkill County. The sun glittering on the tranquil water or painting the sky and surface of the lake in a wash of color as it sets behind the mountains. Birds fly above as peaceful boats drift by. Green in summer, splashed with vibrant colors in the fall, and blanketed in frosty white in the winter.

These are the scenes that will be enjoyed from the bench you donate in honor of someone you feel deserving of such recognition. Your donation will be a gift that will provide pleasure and a place to reflect for all those who pass this way for many years to come.

The benches are sturdily constructed of concrete and recycled plastic wood for long life and are 6 feet long. They include a built in backrest.
